Ponderay seeks feedback for cleanup and use of lakeshore property

· AUGUST 5, 2020

By Reader Staff

The city of Ponderay recently received a grant from the U.S. Environmental Protection Agency to plan for the cleanup and reuse of a contaminated publicly owned property on the shore of Lake Pend Oreille. As part of that effort, the city is seeking feedback from the community for the future of Ponderay and its waterfront.

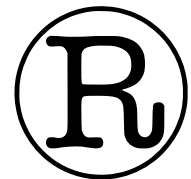

"The city wants to hear from as many of Ponderay's community members as possible — most importantly people who live here, but also people who work here or come here frequently," the city stated in a release.

A survey is now available for community members to weigh in with their thoughts. The survey, which closes Sunday, Aug. 16, takes about 10 minutes to complete and can be filled out by visiting bit.ly/PonderaySurvey.

While we have you ...

... if you appreciate that access to the news, opinion, humor, entertainment and cultural reporting in the Sandpoint Reader is freely available in our print newspaper as well as here on our website, we have a favor to ask. The Reader is locally owned and free of the large corporate, big-money influence that affects so much of the media today. We're supported entirely by our valued advertisers and readers. We're committed to continued free access to our paper and our website here with NO PAYWALL - period. But of course, it does cost money to produce the Reader. **If you're a reader who**

appreciates the value of an independent, local news source, we hope you'll consider a voluntary contribution. You can help support the Reader for as little as \$1.

You can contribute at either Paypal or Patreon.
